Regulatory Intelligence

Top 10 countries of manufacture (licence-country pairs)

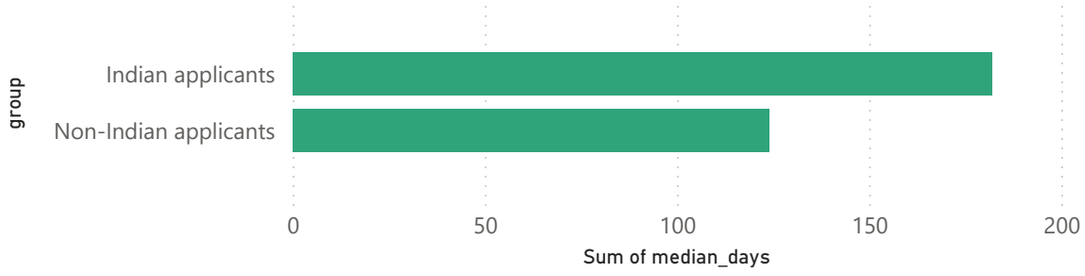

Indian-applicant FDA clearances by year

Pipeline gap: FDA share minus CDSCO share, 2018-2026

Median FDA approval days: Indian vs non-Indian applicants

Notes: Gap = FDA share minus CDSCO share (2018-2026), in percentage points. It shows regulatory pipeline asymmetry, not market demand. Surgical is indicative only (rank 14 in Version A).

Indian clearances and approval days use applicant country, not place of manufacture. 2026 is a partial year (data to 19 Sep).

Country chart shows the top 10 only: 5,178 of 6,719 licence-country pairs.
